Singer-Songwriter Toby S. Reeves Releases Full-Length Album *Lantern Light*, A New Voice in ‘Backroad Folk’

Brown County-inspired album celebrates heritage, harmony, and storytelling with 17 original tracks, including listener-favorite “Rooted”

INDIANAPOLIS, IN — Independent artist and storyteller Toby S. Reeves has officially released *Lantern Light*, a 17-track acoustic album steeped in the Appalachian spirit and personal roots of his Indiana upbringing. The album introduces *Backroad Folk*—a new genre blending front-porch playability with poetic Americana and acoustic soul.

Drawing influence from his family’s musical history, including performances by his mother and aunt at Bill Monroe’s legendary Brown County Jamboree in the 1950s, Reeves delivers an album that feels equal parts nostalgic and new. *Lantern Light* is filled with sing-along-ready melodies, acoustic guitar arrangements, and evocative lyrics that honor place, memory, and identity.

“This album isn’t chasing hits,” says Reeves. “It’s meant for the people who pick up a guitar on the porch, strum along, and tell their story through song.”

The album includes the fan-favorite **“Rooted”**, a track that’s quickly become one of the most requested in Reeves’ live performances. Other highlights include “Same Old Boots, New Roads,” the genre-bending bonus track “Hollerstep,” and the contemplative ballad “Threads of Gold.”

The *Lantern Light* album is available now on all major streaming platforms via <https://distrokid.com/hyperfollow/tobysreeves/lantern-light>, with physical CDs—including exclusive signed editions—available at <https://indieheritage.com/artist/tobysreeves/>.

Retailers in Nashville, Indiana and beyond can request in-store copies and promotional displays by contacting toby@indieheritage.com.

About Toby S. Reeves

Toby S. Reeves is an Indiana-based songwriter, author, and founder of Indie Heritage Publishing. With deep musical roots and a passion for preserving forgotten stories through song, Reeves blends traditional folk, acoustic roots, and lyrical depth into what he calls *Backroad Folk*. *Lantern Light* is his first full-length album under this genre.
